

EmergiCare of Harrisonburg, Inc.

"WHERE PATIENTS SEND THEIR FRIENDS"

Hours of Operation
Monday-Friday 9:00am-8:00pm
Saturday 10:00am-4:00pm
Sunday 1:00pm-6:00pm

Dear Sir or Madam:

We would like to inform you of the services we provide at EmergiCare for all your Occupational Health Care needs. EmergiCare services include: drug screening, medical review officer services, breath alcohol tests, Workman's Compensation care, on-site flu shots, and TB screenings. EmergiCare also provides: Tetanus and Hepatitis B immunizations, pre-employment physicals, post-accident screens and evaluations, and consortium services.

We are dedicated to working closely with your company representatives, and provide up-to-date information regarding professional Occupational Health Care services. Our clinic consists of five independent treatment rooms, X-Ray equipment, and an on-site lab for expedited, accurate results.

As a service to our Occupational Health Care clients, we provide a minimum wait time for your employees. Certain services will be given preferential treatment, without waiting, to those not requiring the services of a physician.

Take a moment to evaluate your current service provider and consider the advantages of working with EmergiCare concerning your occupational care issues and concern. I invite you to contact me to discuss our services if you have any questions. Also, I have included several documents that you will use when we begin working together on your Occupational Health Care services.

Thank you for taking the time to consider EmergiCare, and we look forward to working with you.

Sincerely,

Dee Anna Orebaugh
Occupational Healthcare Manager
